# Digital Marketing Support From Head Office

Tara Institute will provide Digital marketing support to its partners to get more results.

Digital marketing is the marketing of products or services using digital technologies, mainly on the Internet, which also includes mobile phones, display advertising, and any other digital medium.

## Why Digital Marketing is Important

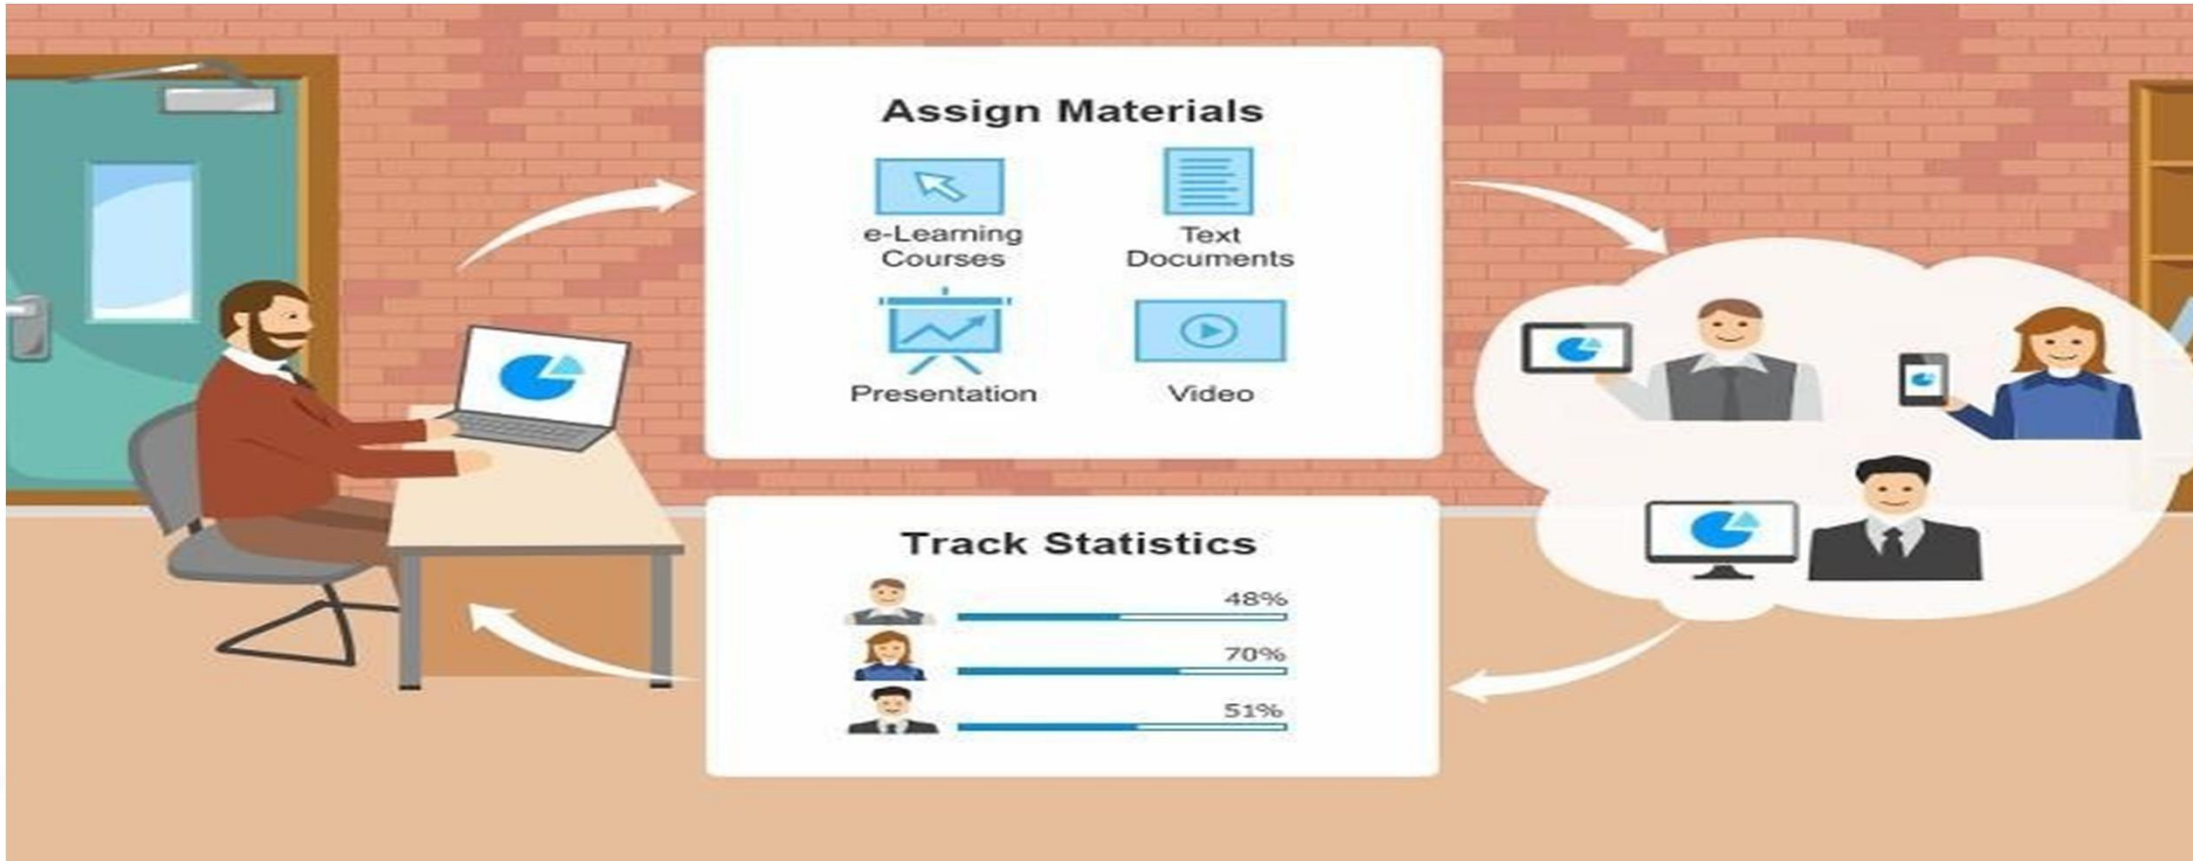

- 64% of the businesses already had an integrated digital marketing plan in 2018
- 100% marketers believe that traditional marketing is no longer sufficient and Digital Marketing will make their company revenue to be increased by 40% by the end of 2021
- More than 80% of businesses will increase their digital marketing spending plan

# Learning Management System

**Learning Management System (or LMS)** is a broad term used to describe software tools designed to manage user learning interventions and provide access to online learning services for students, teacher, and administrator.
